HOMEOWNER'S INSURANCE:

Upon request from the owner/operator, a resident may be required to provide management with a copy of their insurance binder. Pollution coverage is also recommended in case an oil tank leak or spill occurs, if said coverage is available at reasonable rates. If an oil tank leak or spill is found to be due to the negligence of the resident and not due to the negligence of the owner/operator, the owner/operator may seek reimbursement for incurred cost of any clean up and/or remediation.

6. If a resident removes any improvements from the site during his tenancy or at the completion of his tenancy causing damage to the site, resident shall be responsible for repair.
7. Residents may be charged for work undertaken by management if, after failure of the resident to maintain the exterior of home or site and after providing resident with written notice of specified work to be performed and a reasonable time frame allowed, resident does not do the repairs. Such notice shall specify the amount that will be charged to resident. Charges will be fair and reasonable. See aesthetic standards for homes and sites in the Community Rules.
